SHOPMEN REJECT
WILSON'S OFFER
CALL STRIKE VOTECommittee Tells Hines Four
Cent Increase Is Not
Enough.DIRECTOR ORDERS BOARD
TO ADJUST ALL CLAIMSSays Administration Has
Tried To Deal Fairly
With Men.

Washington, Aug. 26.—The committee of 100 representing the railroad shopmen, informed Director General Hines today that they could not accept as a basis of settlement of their demands the rates submitted to them yesterday by President Wilson.

Results of the negotiations here were communicated to the union locals throughout the country with instructions that a strike vote should be taken immediately to determine whether the president's proposals should be accepted.

The committee of 100 representing the shopmen was in session all morning behind closed doors considering the decision of President Wilson and Mr. Hines on their wage demands.

Director General Hines today requested the board of railway wages and working conditions to take up promptly any claims that have been made or may be made by railroad employees for readjustments that "ought to be made in order to make sure that equal treatment is done on the basis of the general principles of wage adjustments which the railroad administration has already established."

In his letter to the board, Mr. Hines said it had been the "constant endeavor since the first wage adjustments were made by the railroad administration to deal fairly and impartially with all classes of railroad employees."

Pending the issuance of an official strike vote, it was urgedly

BLAME BOLSHEVISTS
FOR RACE PREJUDICE

Washington, Aug. 26.—Russian Soviet interests are supplying funds for a propaganda to stir up race antagonism in the United States, according to information now in the hands of the department of justice.

Officials of the department said today that charges of an organized propaganda made in the house yesterday by Representative Byrnes, Democrat South Carolina, seemed to be well founded. Newspapers, they said, were spreading up over the country to spread the propaganda and sow discord among the negroes.

Agents of the department of justice are investigating. Facts thus far developed lead officials to believe that J. W. W. and Soviet influence was at the bottom of the recent race riots in Washington and Chicago.

TROOPS QUELL RIOT
AT CHARLOTTE, N. C.

Charlotte, N. C., Aug. 26.—State troops and deputies patrolled the principal streets of this city today in an effort to prevent a renewal of rioting in connection with the street car strike here which resulted last night in the death of four men and the injury of 13 others.

Additional troops have been ordered to Charlotte and should arrive there today.

Strong guards have been thrown around the car barns of the Southern Public Utilities company where the rioting last night took place.

BOLSHEVISTS ADMIT
LOSS OF RUSS CITY

London, Aug. 26.—Occupation of Odessa, chief Russian port on the Black Sea, by allied forces, was admitted in a Bolshevik government wireless message from Moscow received here today. The occupation was effected, the dispatch states, after 20 vessels had bombarded the city for two days.

On the Russian northwestern front, according to the Soviet statement, the Bolshevik troops are advancing in the region of Pskov, having progressed already to within 2½ miles of that city.

JAP ENVOY AT RIGA.
Paris, Monday, Aug. 25.—The Japanese government has sent a diplomatic agent to Riga to settle the Japanese affairs there until the arrival of a permanent representative. It is reported the United States contemplates similar action.

HIGH SPOTS IN WILSON'S
STATEMENT TO RAIL MEN

We are face to face with a situation which is more complex, less happy and more prosperous than the life of our people than the war itself.

We have now got to do nothing less than bring our industries and our labor of every kind back to a normal basis after the greatest upheaval known to history, and the winter just ahead of us may bring suffering infinitely greater than the war brought upon us if we blunder or fail in the process.

An admirable spirit of self-sacrifice, of patriotic devotion and of community action guided and inspired us while the fighting was on. We shall need all these now and need them in a heightened degree if we are to accomplish the first task of peace.

They are more difficult than the tasks which are more complex, less easily understood—and require more intelligence, patience and sobriety. We mobilized our man power for fighting, let us now mobilize our brain power and our consciences for the reconstruction. If we fail it will mean national disaster.

NO COAL TRUST
OPERATOR SAYS

Declares Competition Is
Keen and That Prices Are
Lower Than Those of
Last Year.

Washington, Aug. 26.—Denying that a combination among bituminous coal operators to fix prices exists, J. D. A. Morris, vice president of the National Coal Association, told the senate coal investigation committee today that such a combination would be impossible.

Prices at the mines, he said, have declined under the competition which prevails and are lower than they were a year ago.

"There are about 5000 separate commercial producers operating approximately 7000 mines, from which bituminous coal is regularly shipped," Mr. Morris said. "In addition there are some 2000 operators with about 3000 mines who begin producing and selling coal whenever the prices goes up a little and offers a profit to them. Moreover, there are hundreds of thousands of acres of coal lands along railroads on which new mines can be readily and quickly opened by anyone so disposed. Such a condition obviously does not lend itself to restrictive combinations among producers."

"Of the 5000 separate bituminous coal producers in the United States, 2294, approximately 45 per cent hold membership in the National Coal association. They produce about 60 per cent of the total output of bituminous coal in America."

"Charges that the National Coal association is a combination to maintain prices are without foundation in fact. The National Coal association represents these operators and looks after their interests in matters of general concern. There is nothing secret about its discussions. Its files and record are open to the commission or any other duly recognized commission of the government at any time."

Mr. Morris said bituminous coal prices had declined since the armistice, and in general were lower than the prices fixed by the fuel administration.

COMMITTEE SAYS
NO AMERICANS ON
EUROPEAN BOARDS

Amendment to Treaty Eliminates U. S. From Reconstruction Work.

MEANS CHANGE IN TREATY
IN MORE THAN 50 PLACES

Score or More Commissions
Are Affected By Committee Action.

Washington, Aug. 26.—Under a blanket amendment to the peace treaty, agreed to today by the senate foreign relations committee, American representation will be eliminated from the various international commissions which are to supervise European reconstruction with the exception of the reparations committee and such others as are to be appointed by the League of Nations.

The change would affect about a score of commissions and would change the language of the treaty in more than 50 places.

The committee divided along strict party lines with nine Republican votes cast in the affirmative and seven Democratic votes in the negative. Not all of the Democrats were present, but by agreement their votes were cast. Senator McCumber of North Dakota, who voted with the Democrats in opposition to the Shantung amendment, adopted Saturday, was the only Republican absent. His vote was not cast.

Although the committee acted specifically on only four of the treaty provisions in question there was an agreement that the votes on these separate provisions would be only prefatory and to carry into effect the blanket proposal.

The amendments were presented by Senator Fall, Republican, New Mexico, who said he expected the reparations commission because there were certain discussions affecting American shipping in this involved in the commission's work.

The change also has no effect on provisions like the commission is to be appointed by the league.

PRESIDENTIAL ACTION
BOOSTS RAIL STOCKS

New York, Aug. 26.—Rejection by President Wilson of the demands of the railway shopmen infused greater firmness to the general list at the opening of today's stock market.

Rails, the active and strong feature of yesterday's session, were variable, although gains predominated. Railroad Equipments and Oils were higher by fractions to 1½ points. Steels strengthened on the jump of 1 to 3 points in United States Steel and Crucible Steel.

CALIFORNIA ROADS ARE
TIED UP BY STRIKE

Los Angeles, California, Aug. 26.—Rail transportation throughout southern California as far as Fresno on the north and as far east as Yuma, Ariz., was paralyzed today by a strike which began Thursday night when switchmen and brakemen quit their posts in sympathy with a strike of trainmen of the Pacific Electric company, operating an interurban system, and which rapidly extended to include other trainmen, yard men and shopmen.

At the former place 100 switchmen of the Southern Pacific, and Atchison, Topeka and Santa Fe quit work tying up train service both to the north and the south. At Yuma, 25 Southern Pacific switchmen quit and trainmen refused to take out two trains for the east which had been made up by officials.

Switchmen and trainmen who met here last night took no official action, it was said, on orders from Warren E. Stone, international general master of the Brotherhood of Locomotive Engineers and W. G. Lee of the railway trainmen to "perform their usual duties and carry out their contracts."

WILL ESTABLISH STORES
TO SELL ARMY SUPPLIES

Washington, Aug. 26.—Retail stores for the sale of household commodities included in the surplus stocks of the war department will be established September 25, it was announced today.

The stores will be located in depot centers and other large cities and they will accept and fill mail orders.

Continued purchase by the department of certain necessities so that these stores may be continued indefinitely as against the government campaign against the high cost of living is understood to be under consideration.

DAREDEVIL FRENCH FLIER GUIDES PLANE
THROUGH VICTORY ARCH IN HEART OF PARIS

Aviator Godefroy, French aviator, recently performed the daredevil and seemingly impossible feat of flying his airplane through the arch of the Arc de Triumphant in Paris. The plane

was whirling along at 143 kilometers an hour when it slipped through the arch. There was just barely room for the wings of the plane to go through without hitting the sides of the arch. The feat is considered even more difficult than that of flying through one of the towers of the Tower bridge in London. This feat was performed two or three years ago.

COLONEL WEYBRECHT DIES; DOCTORS
SAY STORAGE TURKEY CAUSED DEATH

Former Commander of Ohio Regiment Just Back From France Succumbs to Poisoning Attack at Alliance; Another Dinner Guest Dead and Two More Critically Ill.

Alliance, Aug. 26.—Colonel Charles C. Weybrecht, who returned only three weeks ago from France where he commanded the 146th infantry, died here this morning as a result, physicians believe, of eating cold storage turkey at a dinner last Saturday night at the Lakeside Country club at Canton.

Mrs. Helen Sebring Gahrts, 33, wife of William I. Gahrts of Sebring, also is dead, and Mr. and Mrs. John C. Sharer, are paralyzed, and their recovery is said to be extremely doubtful. Specialists from Cleveland and Alliance were summoned here yesterday to attend the stricken persons.

Colonel Weybrecht and Mrs. Gahrts died this morning.

Colonel Weybrecht served two terms as adjutant general of Ohio under Governor Harmon. He was 50 years old.

Mrs. Clem Bates and Mrs. Willis F. Sanford, both of Alliance, also are seriously ill.

WAS TO LEAD NEW
INFANTRY REGIMENT

Akron, Aug. 26.—Akron members of the newly organized Ohio National Guards were shocked today to hear of the death of Colonel C. C. Weybrecht. They had planned to go to Alliance next Sunday in a body and ask their former leader to take the command of the new infantry regiment being formed.

COLONEL WEYBRECHT
SERVED ON BORDER

Columbus, Aug. 26.—Colonel Charles C. Weybrecht was lieutenant colonel of the Eighth Ohio infantry when it was in Mexican border service. Upon the reorganization of the Ohio National Guard for service overseas he was placed in command of the 146th infantry, 37th division, serving as its commander until last August when he was assigned to command of the American base at Nantes, France.

When the organization of the American base for the army of occupation in Germany was taken up by General Pershing, Colonel Weybrecht was assigned to return to Akron where he remained until early this month.

Colonel Weybrecht served as a major of the Eighth Ohio volunteer infantry during the Spanish American war. He entered the Ohio National Guard as a private in 1892.

PUBLISHER IS ILL.

Salem, Aug. 26.—Mr. and Mrs. Louis H. Brush, who attended the dinner party at Lakeside Country club in Canton, Saturday night, where members of an Alliance dinner party were poisoned, are very ill today of the same malady. Mr. Brush is publisher of the Salem News and the East Liverpool Review.

WAITER DEAD; CHIEF ILL.

Canton, Aug. 26.—Bob Jennings, colored waiter at the Lakeside Country club, is dead from food poisoning. The chef, W. D. McElroy, is now in a serious condition at a local hospital and his recovery is doubtful. Another waiter, Charlie Owe, in charge of the grill, became ill Monday but was much improved this morning and is expected to recover.

MAIL POUCH IS STOLEN
HELD \$70,000 IN BONDS

Chicago, Aug. 26.—Postal inspectors today were searching for a registered mail pouch containing \$70,000 worth of Liberty bonds and securities which disappeared yesterday somewhere between Joliet and Chicago. According to postal authorities in Joliet, the pouch was delivered to the station for transmission to Chicago institutions and it disappeared either while at the station or after it was placed on the train.

SUES TO BREAK
UP MILK TRUST

Cleveland Prosecutor Asks
Court to Dissolve Milk
Company—Injunction Is
Issued by Court.

Cleveland, O., Aug. 26.—Charges that the Ohio Farmers' Co-operative Milk company limits the production of milk, prevents competition in its sale and dictates the prices consumers shall pay were made by County Prosecutor Doerflinger in a suit filed in common pleas court here today to dissolve the company.

Immediately after the suit was filed a temporary injunction restraining the firm from dictating to whom milk shall be sold and the prices that shall be charged was asked for by the prosecutor and granted by Judge Cull.

The suit to break up the alleged milk company follows the indictment of seven officials of the company by the special Cuyahoga county grand jury investigating food conditions.

In addition to charging that the company limits production and dictates prices the suit charges that it creates restriction on the sale of milk and cream; that its members have entered into an agreement not to sell below a standard figure.

WOULD TAKE CARS
FROM "BIG FIVE"

Federal Trade Commission
Urges Government to Assume Monopoly of Refrigerator Transportation Lines.

Washington, Aug. 26.—Declaring that the step is necessary to control the business of the five largest packing companies, the federal trade commission in a special report to President Wilson recommends that operation of refrigerator cars and of cars used for transportation of meat animals be declared a government monopoly.

It recommends further that the property concerned, including icing stations and other facilities as well as the cars be acquired by the government and railroads thereafter be licensed to own and operate them. The big packers, the report says, now own 90 per cent of all the refrigerator equipment in the country suitable for the transport of fresh meat.

"The present country-wide system of distribution by the five big packers has grown up from their control of refrigerator car lines in conjunction with various pools," the report says in part.

"In turn the volume of traffic of the five packers have enabled them to secure from the railroad advantages over competing shippers."

The small independent packers' cars are misused, frequently being used out of service for extended periods. In several instances as long as six months. In 1917 the cars of the "big five" and their subsidiary companies maintained an average of 80.8 miles per car per day, while the average for cars of other competitors, the independent packing companies, was only 54.3 miles.

BIG SILK SHIPMENT
REACHES AMERICA

Victoria, B. C., Aug. 26.—Ten thousand bales of raw silk, valued at \$8,500,000, brought from the orient by the Canadian Pacific liner Empress of Asia, was started east today by special train. In addition the Asi carried 253 cases of silk goods, bringing the total value of the silk consignment to about \$10,000,000.

FLU EPIDEMIC NOT
LIKELY OFFICIAL SAYS

Cincinnati, Aug. 26.—Reassurance of influenza was given this fall by officials, said Health Officer William H. Peters, of Cincinnati yesterday, taking issue with Dr. Royal S. Copeland, New York health commissioner. The state and nation has been "pretty well immunized by the disease last fall and winter," he said.

"Of course there will be instances of influenza," he continued, "but I do not anticipate a recurrence of the disease in any great numbers."

Four mortality rates may be high next winter, since many persons whose resistance has been lowered may succumb to other causes more readily.

Charge From Shotgun Decapitates Bride of Few Months.

Marion, O., Aug. 26.—Harvey Berry, who shot and killed his wife and her father here this morning, killed himself on a farm five miles north of here this afternoon when he saw officers coming to arrest him.

Berry shot his wife with a shotgun as she stood at an interurban station stop north of here. The charge of shot decapitated her.

Her father, Charles Maszie, who had accompanied her to the station started to her assistance. Berry ran to meet him and fired a shot which caused the man's death enroute to a hospital.

After the shooting Berry jumped into his buggy and drove off at great speed. He took refuge on a farm five miles away where he was found by officers.

WANTS GERMAN DYES
TO AID U. S. MFRS.

Washington, Aug. 26.—Francis P. Garvan, alien property custodian, today asked President Wilson to issue an executive order permitting him to send an agent to Paris to purchase from the reparations committee a six months' supply of German vat dyes to tide over American manufacturers until German secret formulas for dyeing stuffs now owned by the alien property custodian, can be utilized for commercial purposes.

Mr. Garvan said the formulas now controlled by him were in the process of manufacture, but that it would be six months before the dyes could be ready for commercial use. The American supply of vat dyes is about exhausted, he said.

STATE FAIR BREAKS
FIRST DAY RECORDS

Columbus, Aug. 26.—With all previous first day attendance records broken yesterday at the state fair, officials looked forward today to another record smashing crowd.

Today was observed as Columbus Day, and many local business houses and offices were closed that employees might attend.

The most spectacular feature of the fair, reproduction of the battle of Chateau Thierry, will be given the first time tonight and continued tomorrow and Thursday nights.

PACKERS AGENT GIVES
BOND IN COURT HERE

Edward Lanahan, a salesman for the Columbus Packing company, charged by E. J. Van Dyke, an inspector for the agriculture department, with selling meat that had been in storage a longer period than six months to dealers here and Pataksala, appeared before Justice Jones Monday. He waived the reading of the affidavit and pleaded not guilty and gave bond in the sum of \$1,000. The trial is set for September 22.

The men based their action on a phrase in the orders to return to work which said they need not submit themselves to danger of mob violence. They said to return at present would be dangerous in that respect.

FEAR MOB VIOLENCE
STRIKE WILL CONTINUE

Los Angeles, Calif., Aug. 26.—An strike of 10,000 men here will ignore instructions of their national chiefs that they return to work and will continue their strike, according to a decision reached early today after an all night meeting.

The men based their action on a phrase in the orders to return to work which said they need not submit themselves to danger of mob violence. They said to return at present would be dangerous in that respect.

AUSTRIANS AID SOVIETS.

Bucharest, Aug. 26.—Rumanian military authorities have discovered in the archives of the Hungarian foreign ministry telegrams from Otto Bauer, former Austrian state secretary, entrusted with the management of the state bureau of foreign affairs to Bela Kun, former head of the Hungarian communist government asking him to destroy all documents relative to the delivery of arms by Austria to Hungary, according to a Budapest dispatch received here.

WANTS BALKANS ORGANIZED.

Summer Sports
Sore Muscles, Sprains, Injuries

All outdoors calls to us these fine summer days. Swimming, tennis, baseball—all bring into play muscles that, unaccustomed to so active use, grow sore and stiff.

There is no need for this annoyance. After taking brisk exercise of any sort, knead a light application of House-tone-e-ah into the muscles with the thumb and forefinger. No after discomfort will then be suffered. Its effects are like the application of good lubricating oil to a hot, dry motor. Besides, it is antiseptic and as E. T. Cook, Jr., famous Cornell athlete, says: "I would recommend it above all others for keeping the muscles in best condition; for pulled tendons, sprains and poisoned cuts from spiked shoes." Nearly fifty years' test proves it to be the best emergency remedy. Unlike other liniments, House-tone (The Original Jones' Liniment) does not smart, burn or blister the most sensitive skin. Its healing power is marvelous. Don't wait for the injury to occur. Say House-tone-e-ah to your druggist. 25c, 50c and \$1.00 sizes. HAS PRAISE FOR ENGLISH COLLEGE

Yankee Says There Is Little Chance For Isolation of Individual Studying There.

London, July 28. (By Mail.)—Officers and men of the American expeditionary force who have been studying in British universities find there is less chance that a student will become isolated in English universities than in those of America.

Comparing the educational institutions of the two countries, one of the Americans says that a man specializing in a professional course in an American college is likely to find himself shut off from social pleasures and sport. The writer was surprised to find that men studying law or medicine at Oxford or Cambridge have time for such diversion.

"A man with anti-social inclinations is far more apt to be isolated in an American university than when possible at Oxford," writes Lieutenant Keith Lorenz of New York City, a Harvard graduate, to the Oxford student publication, The Isis.

Apart from the fact that the Oxford college is smaller as a rule than even a class of a typical American university, the tendency of nearly everyone to indulge in some form of athletics keeps a man from living unto himself at Oxford. In America, apart from the freshman year, class sports either do not exist, or there is nothing like the fiercest spirit in them which is displayed in contests such as the "regatta" between the colleges at Oxford.

"Another feature of Oxford life which tends to prevent man from becoming isolated is the institution of teas, which when given by man for man is unique to the American student. But, besides being the most social of meals, it seems to afford an opportunity for friendship. You can ask a man to tea long before you have reached the stage of acquaintanceship which would enable you to invite him to dinner in America."

SHOPMEN REJECT

(Continued From Page 1)

requested by the international officers that all men should remain on the job.

Washington, Aug. 23.—President Wilson having laid down in his discussion yesterday on the demand of the railroad shopmen for increased wages, the policy that settlement of such demands must await restoration of normal economic conditions, interest centered today on the response which would make to the President's appeal that they cooperate in maintaining a "truce" in all wage matters.

The first indication of what course the men would pursue was expected today in an announcement from their representatives here who continued in conference on the question with acting President Jewell of the railway employees' department of the American Federation of Labor.

Announcing that the men would be granted an increase of four cents an hour, President Wilson said in an accompanying statement that to meet their demands for an increase of 17 cents an hour from the present basic pay of 68 cents, or 25 percent, would necessitate higher freight rates which would add to the already high cost of living and thus defeat the government's efforts to solve the most important question before the country today, a return to normal price levels.

"We are face to face with a situation," said the President, "which is more likely to affect the happiness and prosperity and even the life of our people than the war itself."

The policy of deferring settlement of increased wage demands pronounced by the President affects not only the railroad shopmen, but also hundreds of thousands of other railroad employees, who have wage demands pending before the director general or who are about to present them. It is expected an appeal on the same grounds would be made to these employees to accept postponement of a settlement of their demands.

"It goes without saying," the President's statement said, "that if our efforts to bring the cost of living down should fail, it will be, of course, necessary to accept the higher cost, as a permanent basis of adjustment and railway wages should be adjusted along with the rest."

Recommendations to the President from Director General Hines as to the amount of increase to be given, made public with the President's, showed that pay increases already received by thousands of shopmen from July 1, 1918, to August 1, 1919, were in excess of the increase in the cost of living during that period. These increases being obtained by higher classification under standardization of employment.

SAYS JAP THEN? WILL CAUSE WAR

Thomas F. Millard.

Thomas F. Millard, who lived and traveled for twenty years in the Orient, has told the senate foreign relations committee that the Shantung clause in the peace treaty means war between the United States and Japan within ten years. The Japanese situation is creeping up, he says, just like the German situation did, and he believes that while trouble may start in many ways the United States will be sucked in.

BELGIAN PHYSICIAN WOULD AID CHILDREN

Brussels, July 27.—(By Mail.)—Two hundred physicians from all parts of Belgium met here today to outline a program for protecting and nourishing infants and mothers, also for nourishing and educating war orphans.

Henri Jaspar, minister of economic affairs, was present on behalf of the government and thanked those present for what they had done for Belgian children during the German occupation. He announced that the government was now working on a scheme to establish child-welfare institutes in every community in the country, the bill being now before parliament. When this law is passed, Belgium will be the first country in the world to have such institutions in all big cities and all country districts, no matter how remote.

Dr. Rene Sand, just back from America, recounted the progress made there in child-work.

REGULAR ARMY UNIT PREPARES TO GO ABROAD

Washington, Aug. 23.—The Fifth Infantry regiment at Camp Taylor, Ky., and the Fifth at Camp Dix, N. J., have been ordered to prepare to go overseas to aid in the policing of Silesia during the plebiscite provided for under the peace treaty. It was said today at the war department. Orders for the actual movement of the regiments, however, have not yet been issued.

As was stated in an Associated Press dispatch last night from Coblenz, the regiments will go direct to that American army headquarters there to receive full field equipment, neither unit has yet had foreign service.

ACTOR PUTS PUNCH INTO GRAND OPERA NUMBER.

Rome, Aug. 23. Scenes of wild panic broke out among the audience witnessing a performance of "Il Traviata" at the La Scala during a diet between the baritone, Giuseppe Mariotti, impersonating the father, and the leading tenor.

In the midst of the singing Mariotti, a powerful man, suddenly seized the tenor by the neck and flung him across the footlights. The tenor landed on the head of the baritone, knocking the latter unconscious. In the panic that ensued a number of persons were injured. One woman died later at a hospital. It was subsequently learned that Mariotti recognized in the tenor a man who had supplanted him in the affections of a young woman at Piacenza.

SERB BATTALION FIGHTS IN RUSSIA

Has Gone Into Battle Under Various Flags Since 1894—Has Lots of Pep Yet.

Medvedja, Gorn, Russian Lapland, July 5.—(Correspondence of the Associated Press.)—A Serbian battalion which has been fighting under one flag, or another since August, 1914, is still fighting up here in Karelian Russia.

The role of these Serbs on the North Russian front has been similar to that of the Czechoslovaks in Serbia and reads like an unfinished book. They are big, strapping, well-disciplined soldiers, five years and several thousand miles from home, and, just now, when they go into action against the Bolsheviks, along with their Russian, British, French or until recently, American allies, they display the same dash and battle enthusiasm that characterized Serbs in the early days of the war.

One way or another, these Serbians reached Odessa, where they were formed into a battalion for service against the central powers. They want to get somewhere to fight Austria so they started for Archangel, hoping eventually to join the allies in France.

The Serbs seized a locomotive and sufficient box cars to carry the battalion and after four months' journey arrived at Murmansk.

The allies landed at Murmansk in the spring of 1919 found the Serbian battalion there, ready to fight against the Bolsheviks, and, for the first few months of the campaign, the Serbs formed the backbone of the force opposing the Reds, which speedily wrested several hundred miles of the Murmansk railway from the communists.

Throughout the subsequent fighting on the front Serbs have distinguished themselves, and now they are waiting the day when they can turn to the new greater Serbia which includes Bosnia and other territories where they lived when impressed into the Austrian army.

WAR HERO REJECTS POLITICAL HONOR

Lockport, N. Y., Aug. 26.—Frank Gafney, called by General McHale the "second bravest man in the war," wants nothing of politics. He has declined designation by the democrats for member of the New York state legislature.

Gafney is chief of police at a local manufacturing plant, employing 1,200 men and says he is satisfied with his job. His greatest exploit in the war was the capture, single-handed, of 84 Germans.

SOME MOSQUITOES IN NORTH RUSSIA

Kem, Russian Lapland, July 4. (By Mail.)—American nurses, doctors and other allied troops operating on the Murmansk front this summer found the Arctic mosquitoes worse foes than the Bolsheviks.

"After the war is over," one Yank told the correspondent, "we're going to come up here and organize an expedition to hunt these mosquitoes out of their ivory. They're not like ordinary mosquitoes. They buzz up, bite a piece out of your leg, and then fly away into the trees and eat it."

GERMAN TOYS ARRIVE.

Boston, Aug. 26. Five hundred cases of German made toys, purchased before the war were brought here today by the freighter Zuni-dijk. They have been in storage at Rotterdam since 1914.

MAKES FLIGHT TO CANADA.

Rheumatism Relief--25c.

Nature's Remedy (NR Tablets), Are Helping Thousands Who Tried Expensive Things Without Result. It's Guaranteed.

There are three vital processes of human existence, the digestion of food, the extraction of nourishment from it and the elimination of waste. Poor digestion and assimilation means failure to derive full nourishment from food and that in turn often means impoverished blood, weakness, anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ills.

Rheumatism, due to some interference with the process of elimination, failure to get rid of certain body poisons, cannot be expected to yield to any medicine that fails to correct the condition responsible for it. Could any reasonable person expect to rid himself of rheumatic pain as long as rheumatic poison is allowed to remain in the body?

Think of this. It explains the success of Nature's Remedy (NR Tablets) in so many cases where other medicines have failed. Thousands are using NR Tablets every day and getting relief. Why pay five or ten times as much for uncertain things? A 25c bottle of Nature's Remedy (NR Tablets), containing enough to last twenty-five days—must help you, must give you prompt relief and satisfactory benefit or cost you nothing.

Nature's Remedy is not only for the relief of rheumatism. It improves digestion, tones the liver, restores kidney and bowel action, improves the blood and cleanses the system. You've tried the expensive medicines and doctors, now make the real test. You'll get results this time. Just try it. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

"Cupid's Day Off" is one variation of the method. It will not fail to produce the explosive sounds from the throat. Can't you inspire a movement of the legs which will lead the whole family to see this new Mack Sennett comedy?

AMUSEMENTS

AUDITORIUM.
Tonight.
At the Auditorium today, it might be termed a big double feature program for besides the Mack Sennett comedy and "Burglar by Proxy" an Outing Chester Travogue is also shown.

"Cupid's Day Off."
Owing to some reason or other "Cupid's Day Off" did not reach the Auditorium in time for a Sunday showing. It was shown at the theatre yesterday and pleased crowds. It will be held over today and in the cast is seen Ben Turpin, Charles Lynn and Alice Lake. Auditorium fans know Mack Sennett and his comedies—this is a corker—"Nuff Sed."

"The Unpardonable Sin."
"The Unpardonable Sin," which is to be presented at the Auditorium theatre for a three-day engagement beginning Thursday, is a moving picture attraction which Newark people who have followed the development of the screen as a medium for the presentation of really big dramatic ideas cannot afford to miss. There have been many unqualified expressions of opinion to the effect that "The Unpardonable Sin" is the greatest photoplay ever produced, and there is no denial of the statement that it ranks with such attractions as "The Birth of a Nation," "Intolerance" and "Hearts of the World," all of which are outstanding successes in the realm of moving pictures.

"The Unpardonable Sin" was completed on the Pacific Coast a few weeks ago at a time when there were assembled in Los Angeles practically all of the big men of the motion picture industry, and it was before an audience composed of these men that the photoplay was first exhibited. The consensus of opinion was that "The Unpardonable Sin" was big in every sense of the word—big in the story, big in its manner of telling, and big in the work of Blanche Sweet, the star, and the players who support her. This early opinion has been more than confirmed by the reviews of moving picture critics in New York who have recently been afforded the opportunity of passing judgment upon it.

Paramount-Artcraft Week.
Starting next Sunday movie fans are in for a real treat for week beginning August 31, throughout the United States and Canada, is designated as Paramount-Artcraft Week and both Manager Fenberg's theatres, the Auditorium and Alhambra, will show during the entire week one picture from Paramount and Artcraft studios. The program will be announced in these columns later.

ALHAMBRA.
Constance Talmadge, the brilliant young comedienne of the screen, will be seen at the Alhambra theatre tonight in her latest feature, entitled "The Veiled Adventure." Those who have followed Miss Talmadge's other appearances know full well what type of subject to expect when her name is announced. The light, breezy, spicy comedies in which she has been appearing have elevated her to a position in stardom that is doubtless the envy of many. "The Veiled Adventure" is of the same type as her previous comedies but presents a totally different plot. It was written specially for the star by Julia Crawford Ivers, one of the cleverest authors in the business and awards Miss Talmadge the role of a society girl, Geraldine Barker.

Geraldine is engaged, but engaged to a man she cares nothing about. When she discovers a grey veil in his pocket—a veil which she never saw before in her life—she decides that he wasn't such a good catch after all. Then she meets a Westerner, Richard Annesby, a young man who is something of a prize. This feature is shown at the Alhambra tonight last time.

Daughter of Mine.
Aside from what is commonly printed, just what does it mean to be a star in motion pictures? This question was put to Madge Kennedy while her new Goldwyn production, "Daughter of Mine," was under way. Self-possessed and inclined to be reticent, usually, the piquant star was in the mood to confide.

"It means work—oh, but you've heard that, she caught herself with a smile. But it does mean work, you know, really that most of all. Let me say that acting is not work. What then? Why, being on duty for eight hours if one had only to sit and do nothing would be wearing. At the studio one is one's own boss for the most part. If there is a half hour off duty, one never knows how much sooner or later one will be needed. Producing screens plays cannot be timed quite like a stage performance.

And then the actual work itself. What does that do to one? You ask me, following the directors' instructions, going over a scene until the desired result is attained—does that not seem like work? Responding to his suggestions—smiling as if you enjoyed it, imitating repartee when you don't feel it and generally acting on demand why that it seems to me is effort.

"Daughter of Mine" comes to the Alhambra Friday.

PRINTER'S INK.
When people want to interest distant friends in their home town, they send away copies of the local newspaper.
When anyone wants to know what kind of a place a distant town is, he sends and gets a copy of the local newspaper.
Thus such a paper as the Advocate is a mirror of the life of Newark. When the merchants are full of courage and advertise freely, an impression is created among the many people outside the town who see the paper, that this is an exceedingly bright and wide awake business town. If at times the merchants let up a little on their advertising, the town does not look so good to outsiders.
In supporting the home paper, therefore, you not merely get the local and business news, but you help on all civic causes, you are enabled to participate to the fullest extent in its life, and you help the town exert influence and create favorable impression.
Having learned that there is a scarcity of all the necessities of life, the American people decided to meet this situation by everybody going on strike and quitting work.
Some of the speeding motorists maintain that they are very careful, as they slow down to 35 miles an hour on going through crowded towns.
Great numbers of automobile tourists this summer burn up the road to get to a place, and then almost get smashed up hurrying to get out of it.
The people who wish to save the cost of advertising should carry out their idea to its logical conclusion and cut out clerk hire.
Up to date the public is not informed how Henry Ford has decided to spend the six cents he won from the Chicago Tribune.
School vacations most over, and the kid element of Newark are reconciled to going back to their task of getting teacher's goat.
After reading the headlines about the League of Nations, many people proceed to tell their neighbors all about it.
TALKING IT OVER.
(Columbus Sunday Dispatch)
President Wilson has been talking it over this week with the senators. The senators have been at the White House in conference with Mr. Wilson, and looking into each other's eyes, they have asked questions and answered them. Those who were opposed to the president or to the treaty when they went to the White House are still opposed to the president or to the treaty. Friends of Mr. Wilson or of the treaty are still friendly.
The United States senate has gained nothing in popularity these past few months. Its dilatory tactics have further irritated an already irritated people. Whether one believes in the treaty and the league of nations, or is opposed to the document, it is the same thing so far as the senate is concerned; that is, the senate has not shown the common sense in coming to a vote that we had a right to expect under the circumstances. All of the wrangling and the debating has done no good; it has not even changed the attitude of a single senator. It has all been too personal and too partisan and too bitter. The speeches of the senators have lacked logic; they have been below par as oratory; they have been convicted nobody. The people are beginning to wonder how it is that men elected to these exalted places show such inferior qualities of statesmanship. Whatever the result now when the final vote upon the treaty is taken, the United States senate will stand before the citizens of this country shorn of much of the esteem in which it was formerly held. It has been a bad thing all around, for we can now afford, in this troubled era of the world, to lose respect for our highest law-making body.

Did You Know
That nine-tenths of all the petroleum, and practically all the natural gas, produced in this country are found in a narrow strip, about thirty miles in width, lying parallel with and about fifty miles west of the Allegheny Mountains? This strip extends from New York State through Ohio, Indiana, West Virginia, and Kentucky into Tennessee. This is not all oil producing territory, but the productive spots are found in this belt. The greatest gas wells are on or near the geological summits or anticlines, while the best oil wells are in the troughs between these. Analyses show that natural gas is a true chemical compound, and not a vapor thrown off by petroleum. It is supposed to be the product of the decomposition of organic remains at a high temperature—vegetable or animal, probably both.

AMERICANIZATION CAMPAIGN.

The work for Americanization in this country in past years has on the whole been rather a failure. A great deal of earnest effort has been made by public spirited people, and much has been accomplished in a quiet way. But there has been no adequate plan for teaching aliens the English language. The efforts to do it through the public school system have fallen far short of success and have often been a farce. A very common method of conducting these schools has been to offer these adult learners the same text books as are given little children in the regular day school classes. This food for infants minds would probably have such typical sentences as "I see the cat." "Do you see the rat." "See the dog run." etc., etc.
Now the ordinary foreigner is not a fool. Not knowing English he may seem one, just as the ordinary American would seem like a fool in France or Italy. The alien immigrant is a man or woman who has shown unusual inactivity or energy by breaking home ties and coming to this country, and he has knocked around the world a good deal.
When the foreigner, with a fairly matured mind, capable of handling practical matters with some sense, is put into a child's school, with little child's seats far too small for his bulky frame, and given a baby book to study, the whole thing strikes him as preposterous. He has often been given selections of poetic English from the great authors which he could not possibly understand, when what he should have is short practical sentences such as he would see on the street and hear in his work.
When conducted in such ways Americanization work is largely a failure. The aliens become discouraged, they pass around the word that the school is "no good," and its attendance becomes irregular and drops off.
After noting the constant succession of legislatures that have adopted the Woman Suffrage amendment, a tolerance chewing and soiled collar statesman was seen the other day unconsistently glancing at a mirror.
Such vast quantities of food are being hoarded that a lot of it must spoil, but that portion of it will be useful to feed to the speculators when they get into jail.

Spirit of the Press

No Blue Law Injunction.
The ground for an injunction forbidding the Park Commission to permit Sunday games within their jurisdiction is in fact that no evidence was before the court that a public or a private nuisance had been committed, or that the property or other rights of any individual had been injured or interfered with by the action of the park commissioners. Government by injunction is odious at its best. When the process is used to supplement or enforce criminal laws, it must be shown that the course of the latter is inadequate because of the claim that some irreparable wrong will be suffered if the interference of the civil court is not secured. These Sunday sports in the park are by no means the first infraction of the letter of the old law, and most of the precedents were first strenuously protested, then winked at and finally accepted as reasonable and matters of course. Driving, automobileing, trolleying, boating and golf, no longer provide any general citizens, Sunday baseball and tennis, as they are played in the parks, are no more distasteful, no more in violation of the true object of the Sunday law, which is to preserve that day for rest and for worship as each chooses to use it.—Philadelphia Evening Bulletin.

THE NEW GERMAN CONSTITUTION.

A summary of the new German constitution which has just arrived is an extremely interesting and, if substantially accurate, a significant document. In general outlines it is, as is no means an achievement of impartial radicalism, but shows a crash of the basic principles of strong republican government. There is no sign that its makers were following under the extreme radical rule of the Reichstag. The basic principles of democratic government are emphasized in the provisions abolishing privileges and exemptions of rank and assuring equality of all men and women before the law. Most enlightening social principles are laid down establishing compulsory education for all and where needed declaring that education is a concern of the state, as well as of the church, free press and religious freedom. FAIR THIS YEAR GIVES PROMISE OF BEING THE LARGEST AND BEST EVER HELD IN HISTORY OF AGRICULTURAL SOCIETY

The Licking county fair this year promises to be the best in the history of the society and the entries are already rolling in, showing that an unusual interest is being manifested by exhibitors.
The cattle display will far surpass the expectations of the fair officials and it has been found necessary to erect an additional cattle barn to take care of the exhibitors who will show their fancy breeds.
The Liberal Arts hall has been remodeled and several Granges of the county will compete for prizes. This big building will be thoroughly renovated and it will be one of the features of the exposition.
The school exhibit this year will be one of the main features. Both the city and rural schools will contest for \$500 in prizes and premiums. The poultry show is in charge of the local fanciers association and it will be the best ever given on the grounds.
The horse show promises to be better than ever and many blooded animals will compete for the prizes offered by the board. The sheep and hog sheds have all been overhauled and all will be filled with the best specimens found in the county, while the farm products will be larger than usual and the exhibit will be well worth seeing.
The race program consists of ten splendid events for excellent purses and as a \$10 allowance is made all horsemen, it will be found that the entries this year will be larger and better than ever.
There will be daily band concerts and free attractions in front of the grand stand together with many new and novel features. The midway will excel that of other years and no one should miss the big county exhibition. Make it a home coming affair and join a few days of enjoyable and interesting recreation.
President M. C. Harter states that he has assurances from all over the county that this year's fair will not only draw the biggest crowds but that exhibitors will be present from every nook, hamlet and village in the county.

COLUMBUS MAN IS ENTHUSIASTIC OVER NEW REMEDY

Declares It Has Overcome Stomach Trouble, Gastritis, Constipation, Backache and Lazy Liver.

"I don't hesitate to state to my friends and the public that Drego is the best medicine I ever took for troubles of this kind. I have had it in my grasp a long time," says Mr. Ernest McDewee of 217 Hawks Ave., Columbus, O., who is assistant shipping clerk for the Cluck & Cress Wholesale Grocery Co.
"My stomach felt like it had a load of brick in it, even though I had eaten a light meal. For a long time I have suffered from constipation, biliousness, and stomach disorders, which brought on other troubles. My stomach got all out of condition, and my food disagreed with me, no matter what I ate, or how careful I was about selecting my food. I could get nauseated and have pains in the pit of my stomach; it seemed like I was choking, yet I could not swallow it down, nor spit it out. My sleep became broken and did not refresh me. I got very nervous, had a bad taste in my mouth, and was very bilious. It seemed like no medicine helped me, so when the new medicine, Drego, came along, and I learned it was made from roots and herbs, I bought a bottle, and right there my troubles came to a standstill. I believe the very first dose did the good, my troubles are all very much better now. The constipation is fully relieved, my food digests well, and I sleep fine every night. I am going to take several bottles before I quit, for Drego is the best medicine I ever saw."

People get in the habit of doctoring their pain or symptoms, while they let the real trouble which causes it alone. That is why Drego is so successful. It strikes at the root of the trouble and knocks it out of the system entirely.
Drego acts on the bowels, relieving constipation, rouses a lazy liver to full action, strengthens the kidneys, and helps them strain the poisons from the blood, thereby relieving rheumatism, catarrh, eczema, boils and scallous skin.
All good druggists now sell Drego, and it is highly recommended in Newark by Evans' Cut Rate Drug Store.

GEO. D SELBY IN PORTSMOUTH ENDORSES THIS DOCTOR'S CLAIMS

Geo. D. Selby, President of Selby Shoe Co., Backs Up Dr. Parker's Statements.
When a man, well-known and respected in a community makes such a declaration as this, even his own signature, it is enough evidence to convince people that they are justified in following his implied advice.
Geo. D. Selby, President of the Selby Shoe Company of Portsmouth, Ohio, says: "This certifies that I have known Dr. Geo. B. Parker of Athens, Ohio, for many years, and believe any claim or statement by him personally would be conscientiously and honestly made."
The Doctor's Statement.
"After specializing in the treatment of chronic indigestion for 30 years, I am convinced that the best means of indigestion and constipation is the best of its kind. If your trouble is indigestion or constipation, it will make a well person of you if used according to directions. All I ask is that you follow my treatment for ten days. If, at the end of that time you are not benefited, return the balance of the treatment and your money will be refunded in full." Sold by all druggists.

Telephone Service.
A THIRD PRIZE.
Mrs. T. M. Danley, 39 Columbia St., sent in a list of reasons for having a telephone in the home, which is entitled to third prize, \$3. Mrs. Danley posted her letter in time but failed to put on sufficient postage for which reason it took from Monday until Saturday, for her letter to reach this office. (If our telephone service were as bad as that, what a howl there would be!) Mrs. Danley's list is as follows:

- Why I have a telephone in the home:
1. Saves steps.
2. Saves worry.
3. Have three small children and therefore can't go for everything myself, so depend on the telephone almost entirely.
4. Can call quickly in case of sickness.
5. Use the telephone to compare prices of different commodities at various stores to see where I can do best.
6. If I want to buy or sell anything I simply advertise the telephone number and therefore do not have to be bothered with the many useless personal calls.
7. It is a pleasure.
8. The quickest method to call help in case of fire.
9. Am alone with the children at night and without the telephone would not feel safe.
10. Renders useless all need for bothering my neighbors.
11. I consider it indispensable in the home and would fight to retain it even though the cost were much more.

"For Your Eyes"

19 ARCADE, NEWARK

FOUR PROHIBITION QUESTIONS WILL BE VOTED UPON

Electors Will Pass Upon State and Nation-Wide Liquor Laws as Well as Enforcement Act.

Columbus, Aug. 26.—Ohio will stage a wet and dry election this November which, although the result could not immediately throw open saloons in event of a wet victory, may have a far reaching effect upon national prohibition.

The Buckeye state voted dry last November by a margin of approximately 25,000 votes, and is the largest state to have voted for prohibition before national prohibition became effective. At this time, Ohio promises to be the only big state that will again vote upon prohibition this fall.

Both wets and dries are said to be concentrating their forces in Ohio for the coming fight which, it is intimated will have a powerful effect upon the 1920 campaign as it will affect federal prohibition. Should the wets win a sweeping victory in Ohio this fall, it is pointed out that they can go to the voters of the country next year and, by showing that the biggest prohibition state has reversed its position, urge the election of a wet congress and the repeal of federal prohibition. Should the state again vote dry, it is pointed out that the prohibition forces can use the fact as an argument for the election of a dry congress and the continuation of national prohibition.

The following prohibition questions will be submitted to Ohio voters November 4th:

1. Shall state-wide prohibition be discontinued?
2. Shall brewers be given authority to manufacture and sell beer with 2.75 percent alcohol?
3. Shall the action of the Ohio legislature in ratifying the federal prohibition amendment be approved or rejected?
4. Shall the Crabbe state-wide prohibition enforcement bills passed by the last legislature become effective or be invalidated?

The vote on state-wide prohibition will be on a constitutional amendment repealing that section of the Ohio constitution inserted last fall providing for state-wide prohibition. The proposed amendment would re-establish the license system. The proposal to permit the manufacture of 2.75 percent beer also is in the form of a constitutional amendment. Both were initiated by the Ohio Home Rule association. The vote on the action of the legislature in ratifying national prohibition will be a straight referendum, as will the action on the Crabbe bills. Both referendums were called by the wets.

Should the amendment repealing state-wide prohibition be adopted, the sale of intoxicating liquors in Ohio could not be resumed as long as national prohibition is in effect. A favorable vote on the proposal for the manufacture of 2.75 percent beer would permit the immediate manufacture and sale of beer with that percent alcohol unless congress before then specifies by law a beer with a lower percent of alcohol as intoxicating. If this amendment is adopted and if congress specifies a lower percent of alcohol makes beer intoxicating, it is said that the courts will be asked to decide whether the states or congress has authority to fix the standard.

This amendment specifies that beer with 2.75 percent alcohol or less is non-intoxicating, and can be manufactured and sold as a soft drink. The dries claim that adoption of this amendment would permit beer saloons to reopen throughout the state in both former wet and dry territory. They also contend that under such conditions, no liquor tax could be collected and that beer saloons could not be regulated.

The referendum on the action of the Ohio legislature in ratifying national prohibition last winter is causing considerable discussion, and the effect of a favorable vote is being warmly debated. The federal constitution provides that proposed constitutional amendments must be submitted to the various states by congress and that such amendments shall become effective when the legislatures of three-fourths of the states ratify. The wets hold that where states have the initiative and referendum, as in Ohio, the action of the legislature in such instances is subject to a referendum. The dries contend that such is not the case and that the action of the legislature is binding upon the state. Conflicting decisions on this question have been made in several states and will be carried to the United States supreme court for a final decision, it is said. Under the Ohio constitution, the Crabbe bills are subject to a referendum, as are all other laws passed by the legislature without emergency clauses.

Chicago Grain Review.
Chicago, Aug. 26.—The corn market was dull at the opening today with light trade and mixed sentiment apparent. The opening was unchanged to 1 1/2c lower, with September at \$1.79 1/4 to \$1.80 and December at \$1.42 3/4 to \$1.43 1/4. Early trading carried prices fractionally higher to about yesterday's closing point.

Oats were firmer at the start with a strong undertone. Trading was light and offerings were decidedly limited. Opening prices were unchanged to 5/8c higher with September at 71 7/8 to 72c and December at 74 3/4 to 75c. A fair demand and continued small offerings carried prices somewhat higher early.

Provisions were dull with virtually no early trading. October lard setting the pace, 17c lower.

Wall Street.
New York, Aug. 26.—President Wilson's refusal to accede to the demands of the railroad shippers and his exposure of existing economic conditions in the United States, together with the fact that the active opening today, Steel and railroad equipment were the strongest features although rails, especially the low grade shares developed further.

This and motor specialties also featured and steel shares were in better demand. Before the end of the first half hour gains of 1 to 2 points were recorded, metals joining in the general advance.

Trading during the morning showed a two per cent increase of yesterday with higher prices, industrial including equip-

ments, extended their advance and rails recorded further improvement on the strength displayed by Southern Pacific, Reading, Louisville and Nashville and minor issues, notably Texas and Pacific and St. Louis and San Francisco preferred. Oils and motors came forward with metals and Industrial Alcohol showing a new recent weakness. Call money opened at 6 per cent.

California Will SHOUT ADVANTAGES

Los Angeles, Aug. 26.—An international advertising campaign in which thousands of dollars will be spent in the coming year to promote the advantages possessed by California, and especially Southern California, which makes it an ideal manufacturing and industrial location, will be conducted prior to the Pan-American Trade Conference which will convene here sometime next May. Following the Pan-American Trade Convention in San Francisco, at which hundreds of business men from all parts of the world will be in attendance. Plans for the big conference are now being laid by the chamber of commerce and the Foreign Trade Club of this city.

All industries and associations in the United States, interested in overseas commerce will be asked to help make the conference a success. Pacific Coast Chamber of Commerce, as well as foreign trade organizations will probably lend assistance.

NOTHING LIKE EPSOM SALTS

Nasty? No, indeed! Tastes
like lemonade—Read!

Instead of asking for the common
Epsom Salts, ask for Epsomade Salts
hereafter. You will get a big pack-
age for only 15 cents. Epsomade Salts
look and act exactly like Epsom
Salts, because it is Epsom Salts com-
bined with fruit derivatives thus mak-
ing a sparkling, effervescent, lemon-
ade-like drink for the liver and bowels.
Take a tablespoonful of this delicious
Salt in a glass of cold water when
you feel bilious, sick, headachy or con-
stipated and get the quick and splendid
action of a dose of Epsom Salts with-
out the horrible taste.
Epsomade Salts will replace the old
Epsom Salts, Rochelle Salts, Sodium-
Phosphate and Cathartic Pills in every
home, say local druggists. (Adv.)

Birth Announcement.
Mr. and Mrs. B. W. Boner announce
the birth of a son, William King Boner,
Passed Through Newark.

Burt McDaniels, who recently arrived
from overseas, passed through Newark
Sunday afternoon en route to Camp
Sherman from Camp Merritt, New
Jersey.

The R. B. White company of this city
has been incorporated at Columbus for
\$100,000. R. B. White is named as the
incorporated but he is out of the city
for a couple of weeks and no
one in the office could tell of any
plans which he might be contemplating
regarding the enlargement of his lum-
ber yards in Clinton street.

Lieut. Stevenson Returns.
First Lieutenant Leland C. Stevenson
is visiting at his home here. He re-
turned from abroad last week with the
Second division, after two years ser-
vice. July 19, 1918, he was wounded
at Soissons and since that time has been
doing secret service work. He will re-
turn to Camp Merritt on September 3.
Condition Improves.

The condition of Robert Young, the
five year old son of Floyd Young, who
was struck by a machine in Union
street Monday is improved today. He
has a bad gash in the head and shoulder
and the eye is injured. He is
still at the City Hospital.

Fair Traffic Heavy.
Scores of automobiles passed through
the city today enroute to the state fair
at Columbus. Traffic on the interur-
ban and steam roads is reported as
heavier than the same last year. The
big crowds will "take in" the exposit-
tion Thursday and Friday.

The L. C. B. A. will hold its annual
picnic at Buckeye Lake, Thursday after-
noon. Members will leave on the 2
o'clock car.

**STEWART BROS. ADD
NEW BASEMENT DEPT.**

A new department has been added to
The Stewart Bros. & Alward company's
store, which gives the company an addi-
tional 1800 square feet of floor space,
and adds features which will appeal to
every housekeeper.

The company has had a cement floor
placed in the basement with shelving
and fixtures in a soft gray. The new
department will contain all the things
that go to fitting up a home, especially
in the kitchen and laundry. Glassware,
both cut and plain-ware; silver, hard-
ware articles, including washing ma-
chine and wringers, sweepers, toilet
closets and hand.

The company will handle all the stand-
ard brands of merchandise, including
the Universal electrical products, com-
munity silverware and all the standard
makes of aluminum.

The basement will also be used to dis-
play toys and the household
goods are so arranged that they are sug-
gestive to patrons of all the latest con-
veniences provided for the work in the
home.

**BOY ADMITS TAKING
GRANDFATHER'S AUTO**

Glen Foster, aged 14 of Bellaire and
Daniel Baumgartner, 16, of Stewart
ville, were picked up on the National
polic near Jaxburg on last evening by
constable Paul after their evening fun-
ny gave out for the third touring car
which they were driving. Folk called
on Police Chief James Sheridan and
that official advised him to pump the
boys for a confession from where they
had taken the car. The younger boy
admitted that it belonged to his grand-
father, John Duffy of Piquetteville and
that he had a desire to see the country
and took the car and started out on a
tour, passing up the Piquette river to
Bellaire. They proceeded to the con-
stable's office and the car was seized
and put in the care of the constable
and up the owner of the car and he is
now in the city for his machine and
his grand father, whom he promises a
warm switching.

FIRST MISSIONARIES TO HAWAII SHOCKED BY NAKED NATIVE

Episcopal Teachers Were
Greeted In 1820 By Nak-
ed King and Five Naked
Wives Island Now Civ-
ilized.

Brides clad in little but smiles, carry-
ing their trousseau under their arms as
they walked to church to be wed, were
not uncommon sights in Hawaii before
the missionaries imparted the more con-
ventional ideas of dressing, according
to records submitted to the directors of
the nation-wide campaign of the Episco-
pal church. The Hawaiians now follow
American styles in clothes and eagerly
adopt all phases of civilization. Because
of Hawaii's wonderful progress along
various lines she is regarded as an es-
pecially fruitful field for the work of the
nation-wide campaign to extend the
Episcopal church's activities—missions,
religious education and social service.

It is on record that while the mis-
sionary at Kohala, Hawaii, was per-
forming the marriage ceremony for six
couples one day, one of the brides failed
to appear. In answer to the mission-
ary's inquiry as to her whereabouts, the
bridegroom replied without embarrass-
ment:

"Oh, she's at the door putting on her
dress." Native Hawaiians were very few
clothes, sometimes none at all, when
the first missionaries arrived in the
islands. Marriage was not a rite. A
man could have many wives and a wo-
man many husbands. According to na-
tive etiquette it was woman's privilege
to propose marriage. One fine-looking
Hawaiian when asked why he had not
married said no girl had asked him.

Native Hawaiians are now practically
all Christians. However, the Japanese
now outnumber the native Hawaiians
and the Buddhist worship is gaining
ground rapidly, despite the heroic work
of the Christian missionaries. One re-
sult of the nation-wide campaign of the
Episcopal church now in progress in
America to mobilize the full strength of
the church to help solve the world's de-
mand for Christian enlightenment, will
be more schools and missions, more
teachers and missionaries in Hawaii to
maintain the natives in their new faith
and to instruct the Japanese, Chinese,
Koreans and other foreigners in the
Christian religion.

The rapidly with which Hawaii be-
came civilized is sketched by Richard
Henry Dana, Jr., who in 1859—39 years
after the coming of the first mission-
aries, wrote that the missionaries
"found these people half-naked savages,
living on the sand, eating raw fish,
fighting among themselves, tyrannical
over by feudal chiefs and abandoned to
sensuality," whereas, when this was
written "we see them decently clothed,
recognizing the law of marriage, know-
ing something of accounts, going to
school and public worship with more
regularity than people at home, and the
more elevated of them taking part in
conducting the affairs of constitutional
government."

A long advance from the day King
Liholihi shocked the women of the
first missionary party landed at Kailua
Bay. The king, accompanied by his five
wives, of them without stitch,
made a ceremonial call. It was hinted
to him that a more dressy appearance
would be welcome. Next day he re-
turned in an elaborate costume consist-
ing of silk stockings and a cocked hat.

MILWAUKEE MAN BUYS GRAND MOVIE THEATRE

F. C. Stevens, proprietor of the
Grand theatre in South Park Place dis-
posed of the theatre today to Herman
Boek, of Milwaukee, Wis. Boek has
been engaged in the business for a
number of years and expects to make
improvements immediately. He will
book the best feature films that can be
secured.

Mr. Stevens, who purchased the inter-
est of Mr. Thomas in the Grand some
months ago, disposed of his local in-
terests to go to Cleveland to take charge
of the Man theatre in Scoville street.
In which he has been interested for
the past three years. He will take per-
sonal charge of the theatre.

How Candy Mints Relieve Bowel's Burden

A delicious, appetizing candy mint
has now taken the place of strong
salts and cathartics, harsh purgatives
and nauseating oils as a laxative.
Parloia Tablets are as easy-to-eat as
after-dinner mints and have not the
slightest taste of medicine. Children
ask for them and grown-ups like to
eat them.

Parloia Tablets—"The Doctor in
Candy Form"—is a mild and gentle
yet thoroughly effective tonic-laxa-
tive made of the purest of peppermint
candy with the laxative qualities of
castor oil. They are prompt and thorough
in their action, cleaning the bowels
and liver of all accumulated impuri-
ties, helping to purify the blood and
giving new life to overworked and
tired-out digestive organs.

For many years Parloia Tablets
have been the favorite candy mint
laxative of thousands of people all
over the country. Try Parloia by eat-
ing two tablets tonight before retiring.
You'll wake up in the morning feeling
wonderfully better. At all drug stores,
25c, 50c and \$1.00 boxes. Trial size,
10c.

URGES REFORMS IN ARMY SYSTEM

Major Miller Points Out Un-
democratic Customs
Which Handicap Uncle
Sam's Fighting Forces.

Major Charles W. Miller, formerly in
the judge advocate's branch of the A.
E. F., told the Kiwanis club Monday
of the needed changes in our regular
army. According to Miller, the system
now in vogue at West Point originated
in the German army. It tends to pro-
duce cad, and in no way fits the needs
of the nation's present military life.
Especially as the government is trying
to enlist men of a larger mental and
higher social standing than before the
world war. He contends that America
will need a larger army and one made
up of a broader class of personnel than
before. This will necessitate more de-
mocracy on the part of officers, and
with the training given at West Point,
backed up with army regulations, this
is well nigh impossible, Miller said. In
the French army nothing prevents an
officer from eating with his men, while
in the American army, officers were
court-martialed for eating with enlisted
men while on duty.

Major Miller says the day the ar-
mistic was signed was characterized
as "ground-hog day," because of the
large forward movement of army in-
spectors who prior to that time had
stayed discreetly in the rear; that where
blame was to be placed it was given to
national guard officers, regardless of
their meritorious performances. He ad-
vocates universal training, and the in-
tegration of democratic principles at
West Point, to the end that our future
army officers will realize they are of
the same clay as their enlisted men.

Homer Dicken was introduced as the
newest Kiwanian at the club meeting
Monday. The obligation was delivered
by President Gard. Mr. Dicken will re-
present the plumbing and heating busi-
ness in the club, as the representative
of the Reinhold Construction company.
Wright Wyeth introduced a visiting
nephew from Texas, Mr. Hutchinson. L.
L. Mowls presented his father-in-law,
Mr. Behmer. Prof. Millisor entertained
Rev. Emil Kraft, pastor of St. John's
church. Ed Grafton challenged the club,
in the name of his guest, Mr. Young,
to a tournament at horseshoe pitching,
claiming that his friend was a big-
leaguer at the game, and George Pen-
ney had as guests two New York ac-
tors, George Gaumer and Ted Lorain.
The actors strike was called off for 30
minutes while the two outdid each other
in an effort to live the occasion.

The slight booster for the day, Harry
Scott, presented a Bessemer, decorated
with a saving bank and account; Ho-
mer Dicken with a document case and
account; and Harvey Cramer with the
same as was given to Dicken. These
three men were thus attached to the
Home Building association.

Lee Gamble was appointed "musical
director" for the club and will begin
Monday to train the latent talents
known to be connected with Kiwanis.

CARNIVAL HAS GOOD CROWD AT OPENING

The opening night of the Lorman-
Robinson show at Roundbuilders park
attracted a large crowd.

The shows were well patronized but
the street car service was not sufficient
to handle the crowds. The carnival has
an array of good talent and all the at-
tractions are clean and interesting.

The carnival is here this week under
the auspices of the Loyal Order of
Moose.

25 Years Ago

(From Advocate, Aug. 26, 1894.)
Miss Eda Bell Flory entertained last
Saturday in honor of Miss Daisy Rue,
at the home of Wm. Deall, west of the
city.

A number of Newark people went to
Granville last Thursday at the Beta
Theta hall.

There was a fire at the residence of
John Brennan. The loss is estimated at
\$500.

Miss Wotring, who has been spend-
ing the summer in Washington, D. C., and
Washington, Pa., has returned home.

FIFTEEN YEARS AGO TODAY.
(From Advocate, Aug. 26, 1904.)
L. E. Chapin, a civil construction en-
gineer is in the city getting data about
the water works.

There was a fire at the home of Mrs.
McLaughlin when some gasoline ex-
ploded.

The Adonis club will give a dance at
Idlewild park tonight.

The Locust street car line has been
abandoned by the company.

WOMEN GOLFERS IN TOURNAMENT

Detroit, Mich., Aug. 26.—The first
round of championship match play in
the Women's Western Golf association
today brought together two players, fol-
lowers of the game have predicted,
would make a strong bid for final hon-
ors. Mrs. Melvin Jones, a former Chi-
cago city champion was paired with
Miss Frances Hadfield, the Milwaukee
star, who was runner up to Miss Elaine
Bresnahan at Inland last year. Mrs.
Jones led the quarters yesterday with
a score of 54, a mark that has been
equaled by a woman only once on the
Detroit golf club's links. In the qual-
ifying round, Miss Hadfield turned in a
bird of 103.
